The Reviving Rosemary Collection

An Introduction

Treat your guests to a restorative ritual throughout their stay and beyond with our first aromatherapy-inspired collection, featuring our sophisticated design. Discover essential oil-enriched products, from luxurious Bath & Shower Oil-In-Gel to nature-driven Hair Care and herbaceous Hand Care.

Made to uplift the senses, this botanical collection nurtures a reviving spirit of wellbeing; a harmonious gathering of the highest quality fresh rosemary, nourishing tamanu oil and enlivening eucalyptus essential oil.

As a classic aromatherapy herb, we chose rosemary to promote a feeling of balance, clarity and confidence. Notes of grounding geranium and rich patchouli deepen the mood-boosting scent trail.

As well as making you feel good, we want to do good for the world that gives us our purest ingredients. The rosemary is supplied by a grower who cultivates the rosemary in its natural environment. They specialise in quality herbs and grow biodynamically, where harvesting is carefully managed to ensure cut areas have time to replenish.

Invigorating. Uplifting. Renewing.
Available in sizes 30ml, 300ml and 5L.*

*Not all products are available in 5L sizes.

The Fragrance

Rosemary & Geranium

This aromatic-floral fragrance resets the mind and body with the renewing entwinement of rosemary and geranium. The creator of this collection, Senior Perfumer Julie Pluchet was inspired by nature and its power to make us feel rejuvenated and ‘reconnected with ourselves’.

Rosemary

Fresh and herbaceous, this top note lends an invigorating uplift. Enjoy the aromatic character of this fragrant evergreen ingredient to help awaken the senses.

Geranium

This green floral note brings balance to the heart and deepens the scent trail. Traditionally used in aromatherapy, this scent captures the natural botanical element of a flourishing garden.

The 1971 Collection

An Introduction

The 1971 Collection honours Molton Brown’s founding year and proud legacy as small-scale English artisans curating the best natural ingredients.

Our organic philosophy was the first of its kind. We hand-blended herbal formulations at our original salon in Mayfair, London, using traditional techniques with a human touch.

Rooted deeply in our artisanal heritage whilst upholding our luxurious essence, the 1971 Collection has been crafted with the modern globetrotter in mind. It is also 100% vegetarian, staying true to our founders’ sustainability values.

We delved into our archives to inspire the one-of-a-kind design of

this collection. The monochromatic, apothecary-style bottles are a nod to our past practice of pouring mixtures into amber glass vessels for enhanced UV protection.

We reinvented the ‘MB’ monogram from some of our earlier products, lending a strong visual presence and symbol of effortless unity to this collection. All finished with a twist of the distinctive, ribbed black cap. A beautifully simple design that honours our heritage with a sense of the minimalist contemporary.
